Kristin asked, "What do you want Bethel to look like in five years?" Some of the responses were:

- Like to be known as a church that cares
- Like to see revival
- Like to have small groups
- Like to see church evolve to not be intimidating to the lost
- Like to see strong children's ministry
- Like to get rid of the bus and replace with a van and begin a van ministry

Next meeting November 28 at 5:30 p.m.

The mission and Biblical bases of Bethel will never change but the methods we use to carry out our mission and communicate the truths of the Bible will. The church is like any other living organism, it must adapt and evolve in its methods or else it will die.
