After our prayer time, Justin Smith presented his Option for how he believed God was leading for us to restructure or discipleship process, and carry out our core values. He cited several key elements all of which can be found under option 3 on the Bethel Flash Website.

We then continued discussions on the three different options proposed for how we should organize to carry out the core values we are proposing that the church adopt.

It was decided that on January 30<sup>th</sup>, a vote between the three options would be made of all members of the BLT present as to which direction we would go. The members of the BLT were asked to read all of the options again, pray and watch the sermons from either their emails or the church website if they had missed a Sunday sermon in January to prepare for the vote.
