The spent time praying for out church and other needs.

Two options for organizing the church. The documents used in those discussions are available on the website and attached to the email. Another option was discussed that was similar to what is called "Option 2".

Everyone was asked to study the options and seek wisdom from God to direct us. We will continue the discussion in the next meeting, Wednesday, January 16. Our goal will be to complete the evaluation by early February and decide.
