Topic 1: Update on Last Week's Meeting

New Member Orientation

The next order of business was to begin to put into place a New Member Orientation that can begin as soon as possible. Since we now have a Constitution that states all new members must go through this process, it is important we have something in place.

Justin Smith agreed to be the leader of a group to develop a plan for the Adult & Youth New Member Orientation Process. Several others were suggested to help him, and they will be contacted by Justin.

Cathy Myers agreed to be the leader of a group to develop a plan for the Children New Member Orientation Process. Several others were suggested to help her, and they will be contacted by Cathy.

At the BLT meeting on May 1, these two committees will give an update on what they have gotten completed on this process.

Topic 2: Bylaws Revisions and Presentation

It was decided that during the Q and A that it should be handled exactly how the Constitution was handled. The presenters should be ready for questions with the document open and ready to address any issues that arise from the congregation.

Topic 3: Pastor Search Items

It was brought up that Pastor Tony would consider being on Staff "full time" to mentor our new pastor. Several names were thrown around as to what to call this title. Tony gave lengthy discussion on how he felt about this decision. And the decision of how Joe and Kayla were to prepare the documents to call for resumes for our new pastor were decided.

They are to be written with no mention of Tony and then during the interview, the candidate is to be presented the idea of having Tony as a mentor. Tony is also asked to be added to the Pastor search committee.

Being no further business, the meeting was adjourned.
